

ECO-MR LED Rope Light & Accessories

Easy to install and super bright LED Rope Lighting is ideal for installations that require long runs of illumination. Each 100m bail can be individually laid down and connected to 220VAC main power via an adaptor with multiple colour options available including the ever popular Cool White (6000k), Warm White (2800k), and various other colour temperatures including Green and Red. Each Bail comes complete with drivers and end caps required to run the full 100m length. Extra Accessories available on request.

**Insure a qualified installer cuts the rope light and / or attaches all accessories in accordance with safety standards.*

Apply to mining, commercial, industrial applications, offices, office parks, underground parking areas, shopping malls, factories, warehouses, common areas, manufacturing plants, mining areas, specialised applications and more.
